AFTER THAT THIRD STAR IN THE COMMUNITY LIBERTY LOAN HONOR FLAG

With less than \$6,000 to raise, Sierra Madre is going after that third star on the Third Liberty Loan Honor Flag.

Total subscriptions to date amount to more than \$71,000. More than 450 subscribers are on the list.

Japanese Chip In

The latest contribution to the Sierra Madre list is that of the Japanese residents, subscribed at a meeting last night in the club house of the Japanese Association.

The speaker was Mr. Jisaburo Kasai, a member of the Japanese committee in Los Angeles. Several other Japanese visitors were present from Los Angeles. The Sierra Madre committee was represented by Messrs. Mitchell, Forman, Lawless, Carhart and Camp. Mr. Kashitani presided and made an introductory speech.

Subscriptions amounting to \$2,000 was taken. One for \$500 was made by Charlie Nomura, and the rest were chiefly \$100 each.

Such a spirit on the part of men who cannot even become citizens of the United States should put some Americans to shame.

Liberty Day

Dr. Carl S. Patton of the First Congregational church of Los

Angeles proved one of the wonders workers of the campaign. His address at the open air meeting on Liberty Day roused the big crowd to the highest pitch of enthusiasm, the kind of enthusiasm which begets action. More than \$11,000 in subscriptions were listed on the spot.

Newman Essick presided over the meeting in a way to ensure plenty of pep. Rev. Goodman invoked the divine blessing. The singing of the school children under Miss Carson and Prof. Walker added interest as did the generous playing of the Sierra Madre band.

Chairman Jones of the Liberty Loan Committee formally presented the Honor Flag with one star to the city, Mayor Mitchell responding briefly on behalf of the city. The honor flag was then hoisted on the Liberty pole beneath the new municipal flag, with flags of the allied nations flying below.

Boy Scouts

During the past week the Boy Scouts have been making a house to house "gleaning" canvass, with remarkable results. About \$5000 has been raised by them. The final results of the exciting contest among the boys will be announced next week, along with the tabulated results secured through the various adult teams.

WISTARIA FETE WAS HIGHLY PROFITABLE

Net Returns to Red Cross Will Amount to More Than \$1800 Real Money

Intense sun of the past three days has wilted and faded the blooms on the famous Fennel wistaria vine till the public showing of it has been discontinued. Many thousands of visitors have viewed it during the past month and have patronized the various booths and tables arranged for the Red Cross benefit. The gross returns for the various departments has been as follows, according to figures reported by Chairman J. D. Mackerras: Flowers \$293; Photos \$364; Red Cross Shop \$723; Tea and lunches \$503; Bulbs \$10; Fruit and ice cream \$259; Cigars \$14; Contribution Box \$38. Total \$2294. Out of this total about \$500 of expenses must be met, principally for photos, ice cream, cigars and general labor.

While the financial returns consist largely of out of town money, the actual returns must be credited entirely to a very large number of devoted women who worked, long, hard and unselfishly for the cause. Personal credit is impossible both because of the number, and the fact that the management and helpers in the various departments was always changing.

The generosity and forbearance of Mr. and Mrs. Fennel in turning their home and grounds over for use practically as a public amusement ground is beyond computation.

LIBERTY BOND JUBILEE

Sierra Madre's remarkable "drive" for the Third Liberty Loan will be celebrated next Sunday night at a patriotic service in the Congregational church.

It is earnestly hoped that by that time Sierra Madre shall have passed the \$77,600 mark with three stars in her Honor Flag.

W. H. Holabird has been asked to preside at the service Sunday night. C. W. Jones will give a brief speech, recounting the progress of Sierra Madre's campaign. Mr. Wilson, the pastor of the church, will give an address on "Stand by the President."

A special invitation is extended to all the campaigners to attend and sit in a body, and the entire community is invited.

Sunday school services will be resumed in all departments at the Congregational church next Sunday. For the past three Sundays the primary department has not met, as a health precaution, and measles and things have kept a number of adults away. The early song service will begin as soon after 9:30 as there are enough people present, the regular program beginning at 9:45 a. m.

CHURCH OF THE ASCENSION (Episcopal)

Corner of Baldwin and Laurel. Rector, Rev. F. W. Goodman.

Services for Sunday next: 7:30 A.M.—Celebration of the Holy Communion.

9:45 A.M.—Sunday School in Guild rooms.

11:00 A.M.—Morning service and sermon.

Thursday, May 9th, Ascension Day, the Festival of the Episcopal church. Bishop Johnson of Los Angeles will be here for a visitation and confirmation service in the church at 4 o'clock. Dr. Cornelle, Dr. Hibbard and Rev. Dr. Stephens are expected to be present with the rector.

BOARD OF TRADE MEETS MONDAY

May meeting of the Board of Trade will be held next Monday night. War work will be the particular subject for action.

Mrs. S. G. Harless and Francis Le Veaux returned last week from El Centro where they spent two months.

Mrs. Jennie Birdsey and Mrs. V. Coles, formerly of Columbus, Wis., spent Sunday at the Bleeker home.

Interesting Letters From Our Boys Over There

The News has letters this week from two of our boys in France—Lieut. Charles Camp and Raymond Adelmeyer.

Raymond wrote from the front, just before leaving for rest billet, and gave some interesting sidelights on what our six boys in the 117th Engineers are doing. He wrote in part:

"We have been serving our little hitch at the front (so they call it), but it is really the line of defense. The real front to us now is the first line of trenches and we all will not get to see them for some days.

"The non-coms are taking a day of it at a time until we leave for our rest camp, which will be in a few days. Harvey Steinberger is up at the front line today and will return tonight with some of the wildest stories you ever heard, I suppose. He can make up one that would cause your hair to raise one of these tin hats off your head anyway.

"The most excitement we get around here is when a Fritz ventures over in his aeroplane and tries to dodge our anti-aircrafts and machine guns, or an occasionally shell-dropping near our work. Dropping shells makes the engineers sore because they can't send one back in return.

"We got some sad news the other day in regard to our trip back to camp. Instead of riding in the soldiers' Pullman (box-car) we have to hike and it's 150 miles. We have to carry our packs, two blankets, underwear, toilet articles and slickers. Outside of that we carry our rifles and ammunition, two gas masks, a tin helmet, a pair of shoes, an overcoat and slicker, with three days' reserved rations. Looks good in print, but I see where there will be some tired soldiers.

"I am receiving the Sierra Madre News regularly and take great interest in reading it. Very best regards to those in Sierra Madre."

RAYMOND ADELMAYER.

Dear Folks:

"We certainly need good waterproof shoes in a sloppy country like this. I lost a rubber boot one day in a trench that was full of soupy mud—had to pull my foot out of the boot and leave it there till we could get a shovel.

The people are very considerate and usually give you the best of everything they have. The old lady where I stay has fixed up all your woolen socks (they all had holes in them, for they had seen some hard use) and made me a canteen cover and a clothes roll. She is some dressmaker. Her son just came home on permission and she made him a new uniform out of his old one.

My orderly is a little Pole whose Jewish parents are now enjoying the kindly protection of Germany. The last time he heard from his father was in a letter asking him for money—he was a sick man before the war. Sammy keeps us laughing all the time with the funny things he says. He has had quite a career. Ran away from Warsaw when 11 and went to Berlin, hiding under the seat of the railway car. When the Cossack guard at the border came through the car he thrust a sword under the seat where the boy was hiding and only missed by a couple of inches. After a

RECORD OF VOTES IS DEFENDED BY RANDALL

Our representative in congress, Hon. C. H. Randall, has sent a communication to The News replying categorically to charges made by Mr. S. W. Odell of Pasadena criticising his (Randall's) votes upon war measures. As Mr. Odell has announced his candidacy for Mr. Randall's seat in congress, these charges and Mr. Randall's reply are matters of great public interest. The communication of Mr. Randall is as follows:

Washington, D. C.,
April 26, 1918.

Editor News: I have no time or inclination to discuss Mr. Odell's general lament, but briefly I will pay attention to the six specific instances in which he alleges I voted wrong on military measures:

First, he says that I voted against the aviation bill. The truth is exactly the opposite. I have always favored an enlarged aviation and submarine program. A good lawyer with thirty years' experience, like Mr. Odell, should have discovered that the bill he mentions refused to expend a cent for aviation. (Congressional Record, Vol. 54, page 510.)

The Fortifications Bill

Secondly, he says that I voted against the fortifications bill. He is correct. I voted against it because it provided many millions of dollars for a class of coast defenses which have become obsolete and practically useless. This bill also provided that private corporations which manufacture guns and munitions should be paid 25 per cent more than such articles would cost under government manufacture. This provision was vicious enough in itself to cause me to vote against this bill. (Vol. 54, page 2214.)

The Naval Bill

Thirdly, he says that I voted against the naval bill. The Record is against him. I did not vote against this bill, but I did vote to amend it by striking out two of the dreadnaught battleships and voted to build instead thirty destroyers instead of fifteen, and thirty submarines instead of eighteen, as provided in the bill. (Vol. 54, page 3240.)

Declaration of War

Fourthly, he says that I voted against the declaration of war with Germany. He is correct. Even President Wilson does not criticize this vote. The president says that the "acid test" of a congressman's loyalty is furnished by his vote upon the McLeMORE and the armed neutrality resolutions, and he strongly opposed Congressman Lenroot's election to the senate in Wisconsin, although Lenroot voted for war and all the war measures. Lenroot's failure, in the eyes of the president, was in the above "acid test." I passed the "acid test" because I voted with the president on both resolutions. (Vol. 55, page 243.)

The Hydrographic Bill

Fifthly, Mr. Odell says I voted against the Hydrographic (naval) bill. I did vote against this bill because it was a proposition to permit the secretary of the navy to take naval officers from active sea duty and assign them to clerical positions in the hydrographic division of the navy department. This is a very poor time to take naval officers, educated at great expense by the government for active duty in war and locate them in a nice

CRAWFORD WILLIAMS CALLED TO REST

Crawford Williams, a resident of Sierra Madre most of the time for the past eight years, passed away early Wednesday morning at the residence on Suffolk avenue which he had occupied since returning from his winter stay at Palm Springs. There had been no apparent change in the condition with which his friends were familiar during his long and brave fight for health, so the news of his sudden passing came as a blow to all. His mother, Mrs. Paul Williams, was with him at the end.

During his residence here Crawford may be said to have become "everybody's friend." His affable and thoughtful ways won all with whom he came in contact.

Funeral services will be held Saturday morning at 10 o'clock at the undertaking parlors of A. T. Gay. Rev. Dr. George H. Cornell will officiate.

The bereaved parents, Mr. and Mrs. Paul Williams of LaJolla, have left two daughters and a son. Another son, Paul Williams, passed away a year or two ago.

Mr. and Mrs. C. W. Jones entertained a number of friends Thursday evening with a delightful garden party complimentary to Dr. and Mrs. R. H. Mackerras. The guests included Mr. and Mrs. J. D. Mackerras, Mr. and Mrs. N. W. Tarr, Mr. and Mrs. T. M. Webster, Mr. and Mrs. W. S. Hull, Mr. and Mrs. C. C. Wilson and Miss Lillian Moore of Los Angeles.

Mr. and Mrs. Preston Schwartz announce the engagement of their daughter Katherine to Cecil Kent Sherman of Virginia, first lieutenant in the aviation service and adjutant of the balloon school in Arcadia, where he is now stationed.

Save Wheat

Wheat saving is America's most vital food problem.

The United States Food Administration, in view of the critical wheat shortage, asks every Californian to observe the following amended rules:

Make every meal every day a "wheatless" meal. Eat no food of any kind containing wheat or wheat products unless absolutely necessary for health.

Substitute fresh and cured meats, meats of all kinds, including pork, potatoes, fresh vegetables, fruits, dairy products and other cereals, such as corn and rice.

The "meatless" and "porkless" days have been suspended.

ENGAGED IN CAMPAIGN FOR W. S. SOCIETIES

Mrs. J. M. Steinberger is busily engaged in the work of organizing War Savings Societies, having been appointed an organizer for Southern California. Her duty is to cover every point where there are ten or more people, and form a permanent organization.

The campaign is to last but a few weeks and presents a formidable task. To help out, Mr. Steinberger has placed one of the rent cars from the garage at her disposal through the campaign.

Mrs. Steinberger accepted the call to this work in preference to the Los Angeles call for her service in the coming Red Cross drive on account of the far reaching effect expected from the permanent organization of these societies.

COL. HOLABIRD RESIGNS

Col. W. H. Holabird, who has been the acting head of the American Red Star Animal Relief in Southern California, has resigned all connection with the organization.

An official photograph of the club with which the German armies "finish off" wounded soldiers. 32,000 of these were recently captured by the Italians.

The Destruction of Civilization

This is in grim reality what we are fighting this war to prevent. The club pictured above—from an actual official photograph—might be the weapon of a savage cave man of five thousand years ago. It is in fact the weapon with which German soldiers finish off the enemy wounded who have fallen on the battlefield—on the battlefield on

which American boys are fighting.

There is only one answer to make to such methods the defeat of the German Armies. America has taken up the sword to give that answer. Our Army is in France to help win this war on the battlefield—that civilization may be safe, that America may be safe.

You Can Have Your Share in America's Answer to German Savagery

The Third Liberty Loan is your opportunity. It is the most direct blow that can be struck at German military supremacy. It is the most powerful aid that can be given our soldiers in France. It means rifles and helmets and gas masks—the best

protection for our men from German brutality. It means big guns and shells and airplanes—and VICTORY.

Invest TODAY in bonds of the Third Liberty Loan, and save the lives of American soldiers.

berth in the city of Washington. Upon my vote against this bill I was in such good company as the Republican leader, Mr. Mann; the former speaker, Joe Cannon, and the Republican members from California, Osborne, Kahn, Curry and Elston. I voted with the Republicans, but Mr. Odell says he would have voted with the Democrats on this. (Vol. 55, page 859.)

The National Army

Sixthly, Mr. Odell says that I voted against the National Army bill, Vol. 55, page 1472, Congressional Record. This was a vote on conscription alone, and I voted against conscription along with such good Republicans as Former Speaker Cannon and Congressmen Curry, Hayes and Nolan of California. I was in good Democratic company also, for Speaker Champ Clark and Congressmen Church and Kettner of California voted against it.

Suffice it to say that I have voted for every tax, bond and appropriation bill, and every other bill recommended by the president in the interest of carrying on the war. I even went further than the president desired, for a voted to send Col. Theodore Roosevelt and his volunteer army of enthusiastic fighters across the ocean.

Very cordially and sincerely,
C. H. RANDALL.

LETTERS FROM FRANCE

measure this by a couple of Roman arches that were gates and are now parts of the city-wall.

It is a fine, clean little city and the people are prosperous and well appearing. They are very proud of their town which they have kept safe from invasion for hundreds of years and which still has drawbridges at all its gates. Perhaps another time I can send you some of the lace and engraved metal they make there. The shops are fascinating and you cannot help buying things.

The big battle and the mysterious "long range gun" came in for a lot of discussion here. Hindenburg's boast of being in Paris by April 1 does not seem quite possible of fulfillment. But we are loath to think of what may happen in the coming month and it can be no consolation to America to know that she can do so little now.

In closing the Red Cross Shop of the "Wistaria Fete," the Dickens' Fellowship, who were the committee in charge, wish to thank most heartily the many friends who, by their generous donations and active personal assistance, were a chief cause of its pronounced success. The same appreciation is also expressed by the Flower Booth committee, Mrs. C. C. Montgomery and Miss Jean Woodward, joint-chairmen.

The Dickens' Fellowship will meet next Wednesday, May 8th, at the home of Mrs. J. T. Mason, 633 West Central avenue.

OFFICIAL FOOD NEWS

Issued by
U. S. Food Administration
for California
RALPH P. MERRITT, Commissioner

Save more wheat,—and more, and more!

Necessity tightens its grip. What was sufficient for yesterday, is not enough for today. The long drain on Uncle Sam's wheat bin this winter has begun to tell.

Today, the wheat crisis abroad has grown still more acute. This is the fag-end of the cereal supply,—the last few months before the new harvest. The Allies' home supply is at its lowest. Their need for outside help is at its highest. The Allies cannot hope to meet the military crisis on the first line trench unless we assure them help in the food crisis that threatens their rear guard of brave men, women and children left behind to build ships, make munitions and prepare clothing for those at the front.

This is the reason the call has come that we must save still more wheat to give the Allies. Instead of reducing our wheat consumption one-third as we have been urged to do, we must now reduce it one-half.

This means that each person must limit his or her consumption of wheat products to one and one-half pounds per week.

Direct orders for the family should be formulated by every patriotic housekeeper. In place of bread for dinner, she should demand of her household that they eat more potatoes, or—for variety—rice, as a vegetable, or hominy grits.

Breakfast should begin the day not by the breaking of bread, but by the serving of oatmeal, cornmeal mush or prepared non-wheat products. And the housewife must serve these breakfast cereals, not apart from the eggs or coffee, but with them, so that the lack of bread will be met quite obviously.

At luncheon, any bread served should be quite wheatless, and if potatoes are served, bread can be easily omitted.

These are only a few of the ways that can be found by the housekeeper who wants to eliminate wheat entirely from her menu, and so make a high contribution to cause and country.

"How do we live?" writes a woman in Belgium. "You can not form any idea. Butter sells at \$3 a pound. Potatoes at \$4 a sack. These are not exceptions. They are only examples. Our hearts break in contemplating all the misery that we see about us; but we are proud, nevertheless, to prove that we can endure it all without hesitating or wavering. We have too much to die, too little to live. We are becoming skeletons, but hope sustains."

This hope is America and American food—especially wheat.

MEN AND DOGS

Of course we know a good many things that dogs, and the lower animals generally, do not know; but dogs seem to know some things of importance we do not know. Ever hear of a dog spending his time in running around hunting a weed for the sole joy of chewing and spitting, as men do with tobacco? I know of no dog that runs around looking for a liquor that will not only make a fool of him, but do him actual harm and interfere with the proper digestion of his natural food. There are certain natural things for a dog to do, and he does them. There are certain regulations for a dog, and he obeys them, or submits to a whipping without calling a conviction and protesting noisily and ineffectively.—Ed Howe's Monthly.

A Lustreless Oil Paint for Walls

Finish your walls and ceilings with a sanitary lustreless oil paint, a finish that combines the sanitary values of an enamel, the durability of an oil paint and the rich tones and velvety beauty of fresco.

ACME QUALITY
NO LUSTRE FINISH

is a sanitary lustreless oil paint made especially for walls and ceilings. It can be applied over plaster, metal, canvas, wood, wall board or any surface upon which paint can be used.

Acme Quality No-Lustre is an ideal wall finish, more durable than kalsomine, more artistic than paint or enamel and more sanitary than wall paper stuck on with germ-breeding pastes.
